

**Program 1**

You will be tested on writing Assembly Language program on Monday October 19, 2009 from 5:45PM to 7:15PM at the Comp Lab in Jour. 101.

*Hint:* It will help to you write a high grade program if you learn:

- the program interrupts, especially how to get the date and time;
- how to add numbers;
- and how to print on a clear screen a message and result.
